

About Laclede Industries

Laclede Industries is a not-for-profit Sheltered Workshop which provides dignified employment for individual's with disabilities. As a sheltered workshop, costs of operations are high as we do not receive the same production per person per hour as a businesses hiring non-disabled employees. In addition, overhead costs are actually higher because of the required increased supervision. While workshops do receive some governmental funding, on average, contract sales account for 50 to 60 percent of workshop revenues. Because of our dependency on contract revenue, Laclede Industries readily responds to customers needs by relating to quality and turn-around time at a competitive price.

Services

Paper Shredding

Shredding is one of the safest ways to dispose of official and personal documents. It protects against identity theft and our service includes on or off site shredding.

Work Crews

Laclede Industries can provide staffing for your janitorial needs, yard work, and special projects. Supervised by a member of our team, you can contract with us for those labor needs without worrying about supervision, insurance, and all that other employment paperwork.

Marketing Support

Laclede Industries can help provide the support you need to efficiently market your business without pulling your office staff away from their daily duties. Our employees can fold brochures, label envelopes, collate reports, or complete an entire mass mailing from our facility. So next time you have a tedious or unexpected task, call us!

Assembly & Packaging

Employees at Laclede Industries do many kinds of small assembly work. We provide business's a reliable, effective, and easy alternative to in-house production. Completed parts are then packaged via customer specifications using sealers or boxes and can be shipped from our docks.

Small Metal Fabrication

Laclede Industries has various metal fabricating equipment for those little jobs that you may not have time for. If you have a job that requires tumbling, drilling, milling, chamfering, or grinding, give us a call.

Does your office look like this?

Let us shred your office paper safely & securely!!

Why have paper shredded?

- *It provides jobs for individuals with disabilities.*
- *It protects you from identity theft.*
- *Safe way to dispose of sensitive & official documents*
- *The paper is recycled which saves resources and energy.*
- *It saves you the time and energy it would take to shred it yourself.*
